

Greetings. As I mentioned in my email, I am participating in my group's fund raiser sale. This page tells all about the ham. I hope you like it! Please call or email me if you have questions.

Our hams come directly from a quality Michigan meat facility, so they are really fresh when you receive them. Plan about 1/2 pound per person when selecting the size you need. (Buy extra for left-overs!)

The hams are fully cooked. You may enjoy them within 21 days, or freeze by the date on the label. Each ham is individually boxed. The hams vary in weight, but will be close to the range offered. You pay "by the pound". The total price of the ham is printed on the box label. I will collect from you when I deliver your ham.

We offer two styles:

**Fire
Glazed**

DELICIOUS! This ham is moist and tender, with a signature spice and sugar glaze. The glaze is rubbed into the ham, then browned by flame to achieve a "sweet crust" all over. For the peak of flavor, serve at room temperature. (If you wish to heat it, directions are on the label.)

Fire Glazed hams is available one size, 7.5 to 9 lbs. Price is \$5.25 lb.

Fire Glazed is the style that Honey Baked stores sell for \$6.59 per pound.

You save money and support a good cause by purchasing from me!

Traditional The same delicious ham with a difference; you apply the sugar/spice glaze (included with the ham). It's easy. Mix the glaze with water, simmer, then apply to the ham during oven warming. This is preferred by people who like to make soup from the ham bone, as they can keep the glaze to a minimum. Folks allergic to cinnamon can remove their slices before the ham is glazed. It is versatile and delicious!

Price is \$4.85 lb. Select from three sizes. (weights may vary slightly)

Medium half: 7 to 8.5 lbs Large half: 8.6 to 10 lbs Whole Ham: 15-17 lbs
